

Apple CarPlay™ USER GUIDE

Available on select models, Apple CarPlay™ seamlessly integrates your iPhone® with your vehicle's Calypso Connect™ display, allowing you to access useful features and apps while staying focused on the road ahead.

Getting started with Apple CarPlay™ is easy — simply connect your compatible iPhone® to your Calypso vehicle and go!

BASIC REQUIREMENTS

- To use Apple CarPlay, you'll need an iPhone 5 or above
- For best performance, it is always recommended that you update your iPhone to the latest iOS version
- Siri® must be enabled to use Apple CarPlay

CONNECT YOUR iPhone

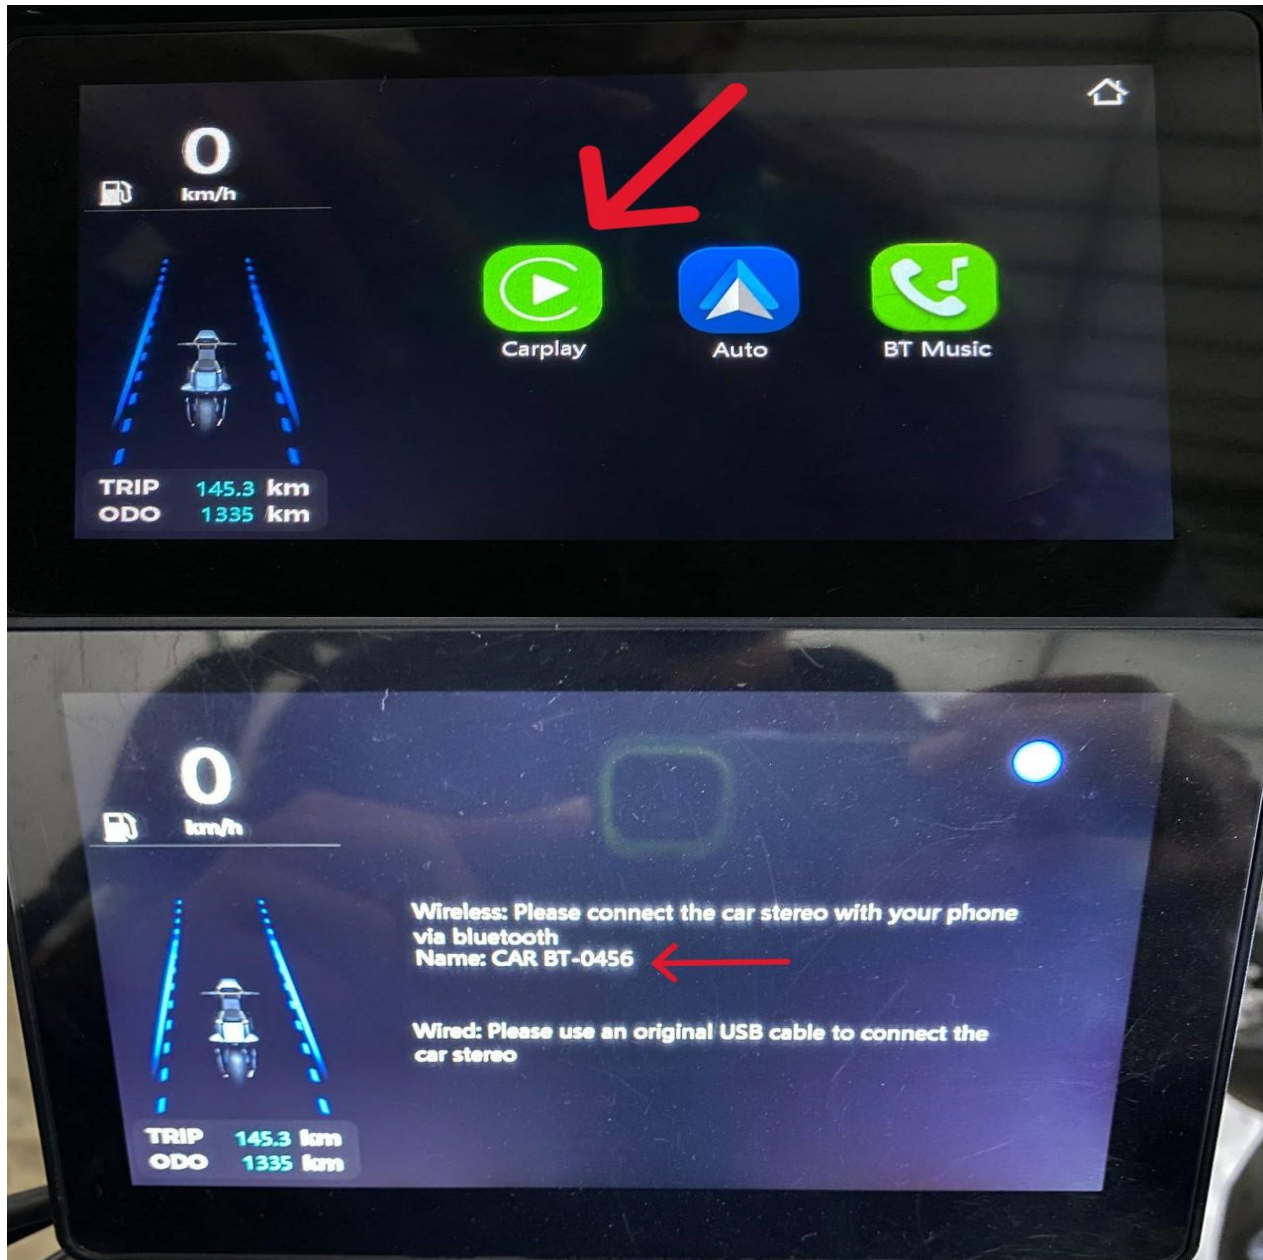

- **Touch on the dashboard screen as show below for the hidden option.**
- **Then touch screen on the arrow mark as shown in the picture to go into the car-play option**

Tip: to access Apple CarPlay content on your iPhone requiring you to unlock your iPhone first

APPLE CARPLAY ICON

.Once the Apply car play icon shown, touch on it and the connection name will show as the picture.

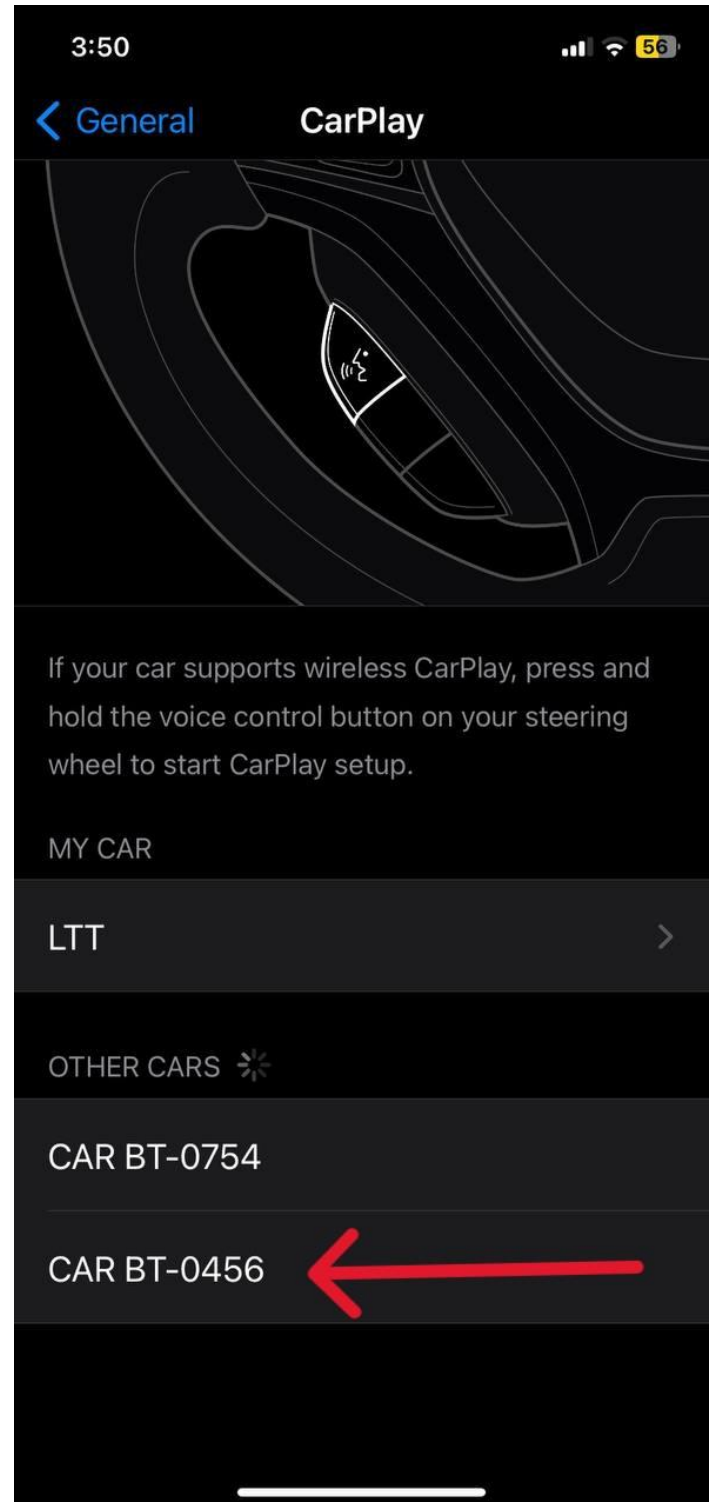

Tip: Once the screen show connecting name, please **turn on your phone's Bluetooth.**

CONNECT FROM YOUR IPHONE

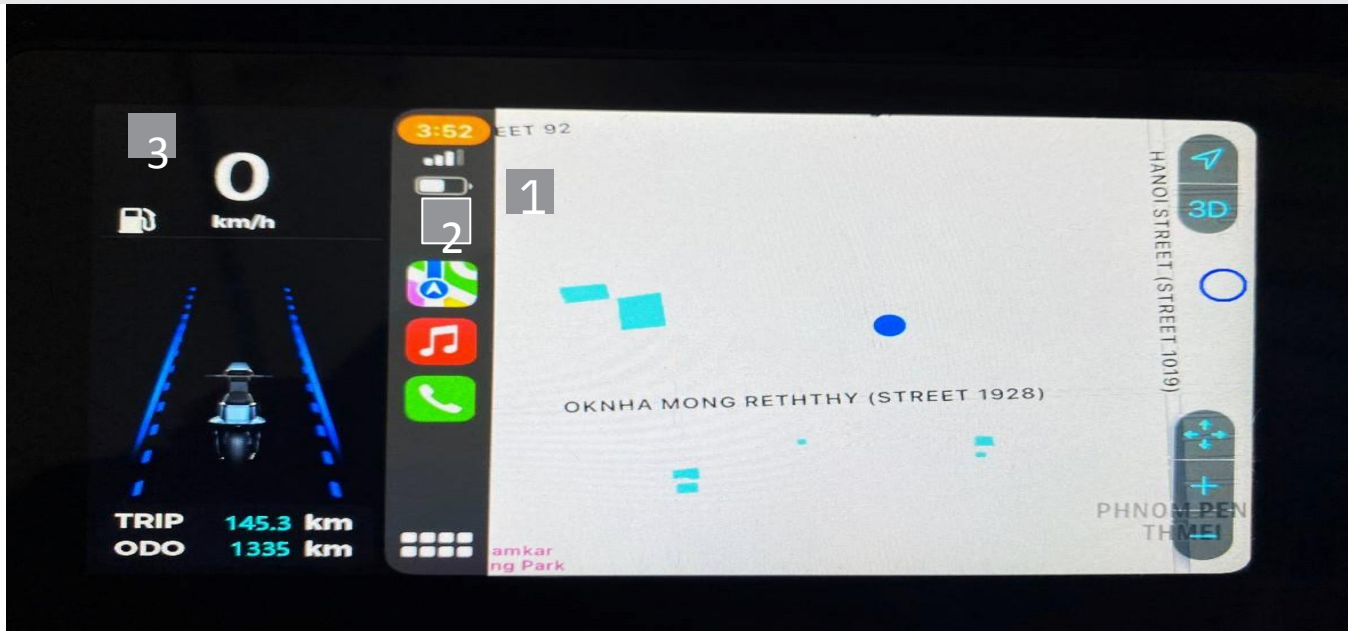

After turn on everything in your Calypso dashboard, to connect to Apple CarPlay, you need turn on car-play option in your iPhone setting too.

.On the CarPlay screen on your iPhone, you will see the same name as you seen on your calypso dashboard.

.Try to touch on the same name and wait few second, your calypso dashboard will connect with your iPhone CarPlay automatically.

Apple CarPlay's new Dashboard View centralizes your most commonly used tasks all on the same screen, so there's no need to flip back and forth between your music or podcast app, the map and communication apps.

SECTIONS AND ICONS

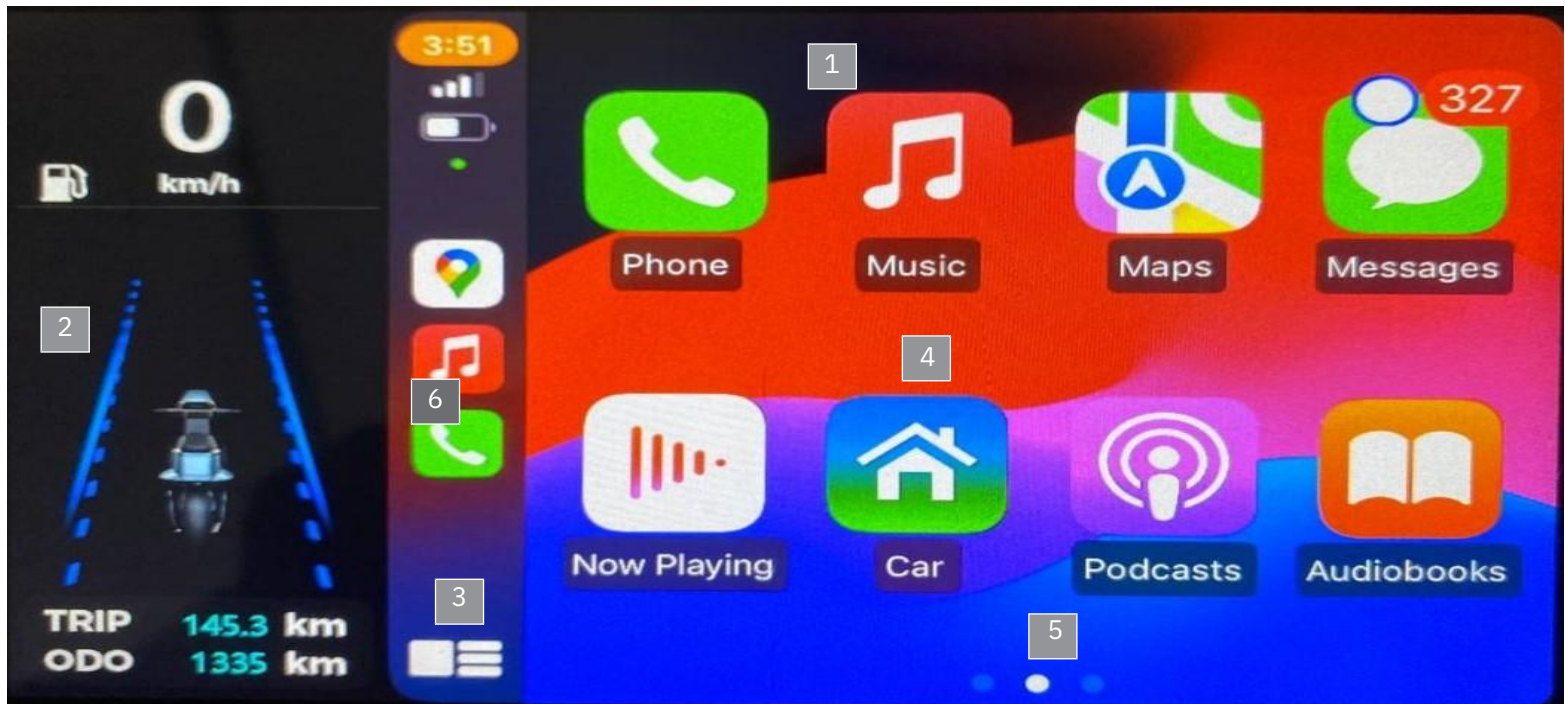

- 1 **MAPS** Displayed prominently in the middle of the screen.

Note: The Maps section of Dashboard View will always display Apple Maps. Third-party navigation apps can be used via Apple CarPlay, but will not appear in Dashboard View.

- 2 **SIDEBAR** Displays your most recent (or currently in-use) icons, time, signal and network, and the App View icon (formerly the “Home” icon).

- 3 **BASIC INFO** Displays your most recent riding information (Speedometer, ODO, Gasoline level)

Similar to your iPhone®'s home screen, Apple CarPlay's familiar App View provides a list of all available apps.

1 APPS Eight app tiles are displayed on the App View screen. Rotate the Commander control to highlight an app in blue. Press down to launch.

2 BASIC RIDING INFO

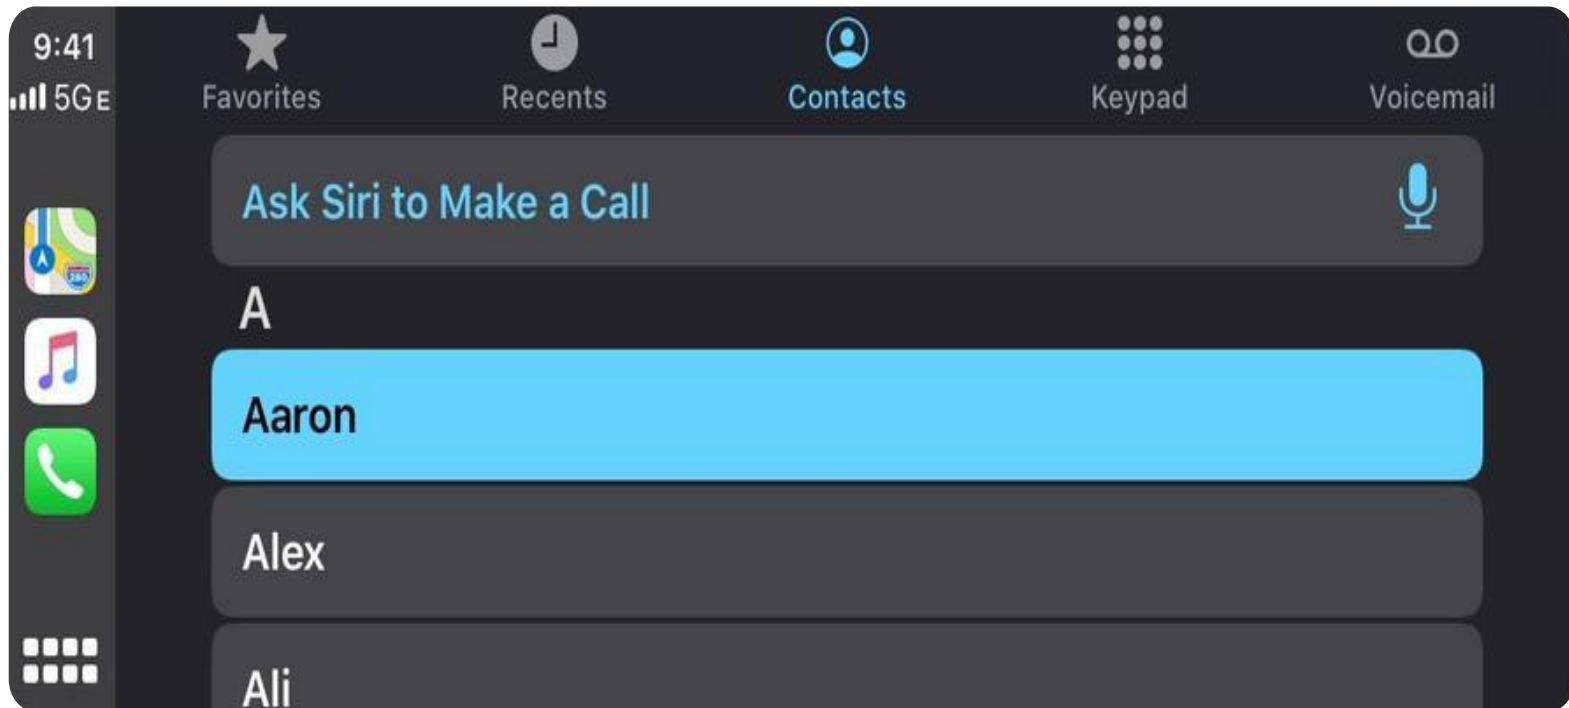

3 RECENT APP VIEW/APP VIEW

Switches to recent application used View

4 CAR APP Displays the original dashboard view (Leave Apple CarPlay)

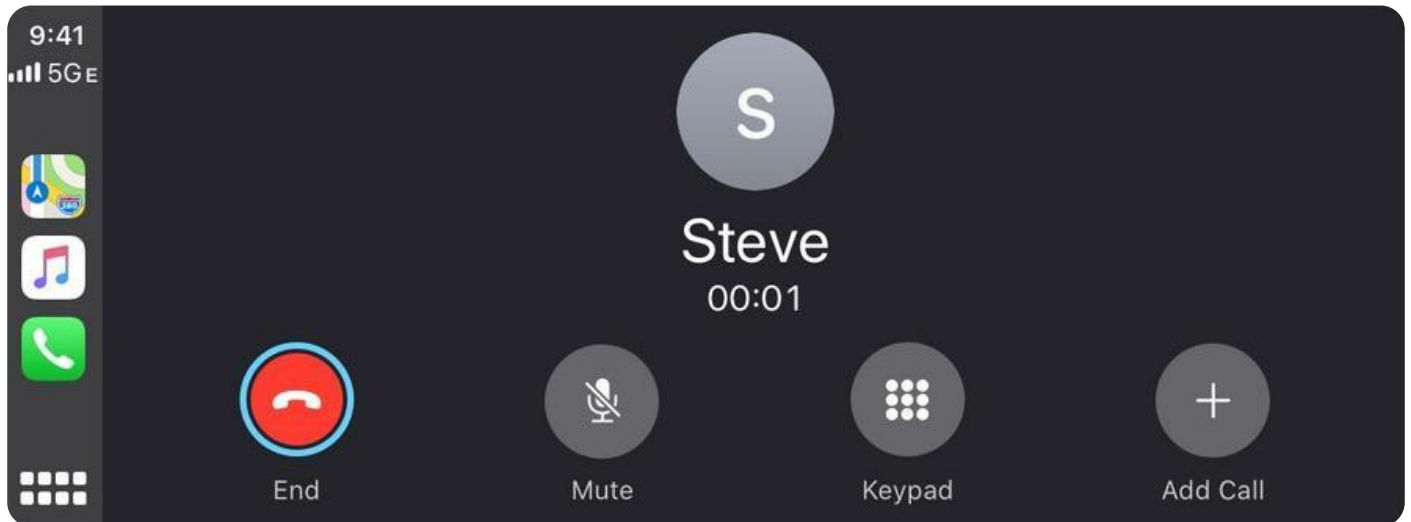

5 ADDITIONAL PAGES Dots at the bottom of the screen indicate that there are more available apps. Rotate the Commander control to the right to view more apps.

Making calls with Apple CarPlay™ is as simple as using your iPhone®.

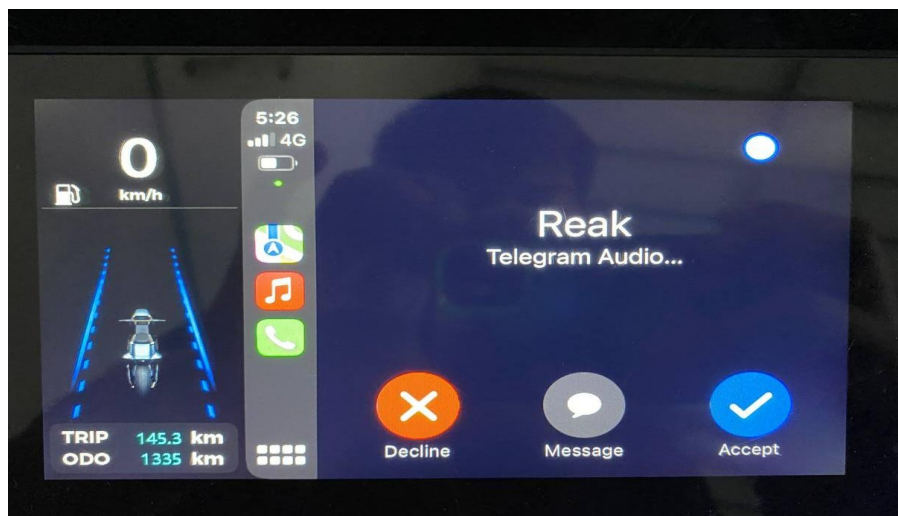

PHONE APP CATEGORIES Phone menu categories are listed across the top of the Phone app. Select from the categories to view your favorites, recent calls, contact list, keypad and voicemail.

Hands-free calling via Siri® helps keep you connected while maintaining focus on the road.

PLACING A PHONE CALL

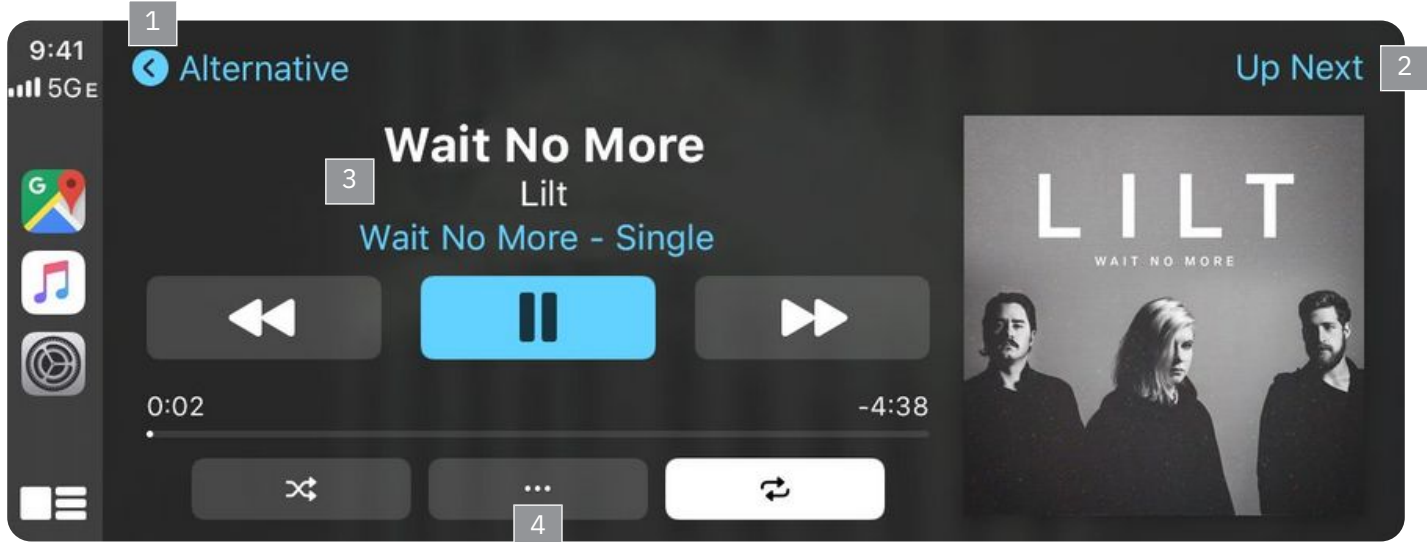

- **Via Contacts** – (when parked) Highlight the contact you want to call. Press to call that contact •

ANSWERING AND ENDING A PHONE CALL

- To answer an incoming call, **press on the "Accept"** to answer or press the "Decline" if you don't want to accept.
- To end a call, **press the "End" on the screen**

With Apple CarPlay™, all your favorite music, podcasts, audiobooks and more are just a command away.

1 **BACK** – Return to previous

3 **NOW PLAYING** – With controls for pause/play and skip

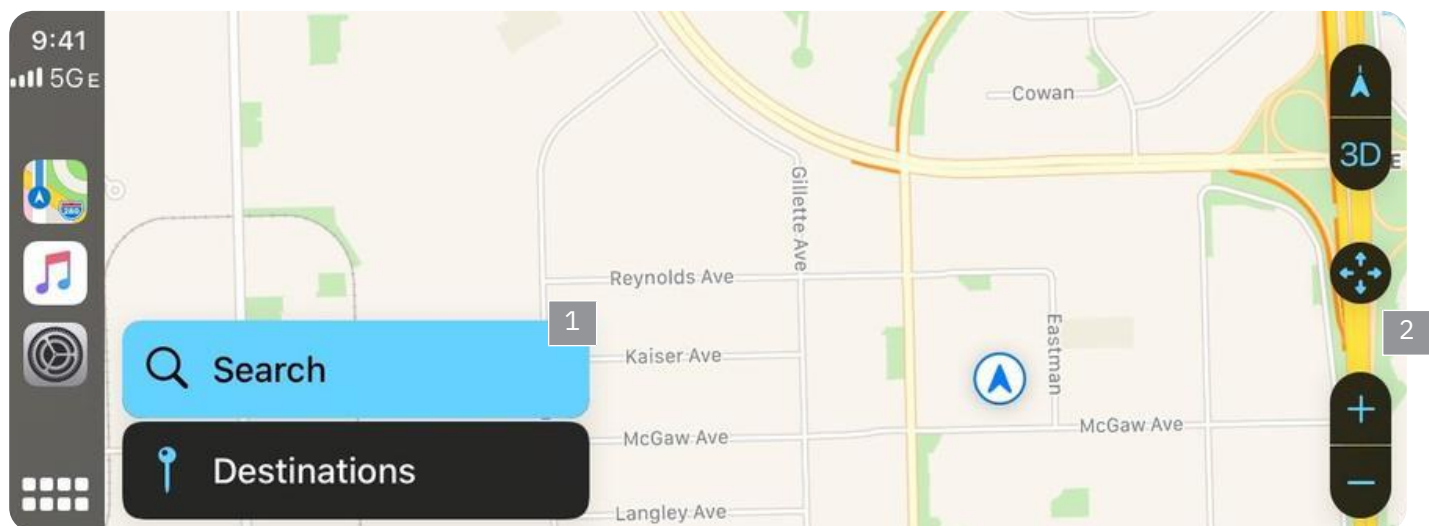

2 **UP NEXT** – See songs in queue

4 **SONG OPTIONS** – Scrub bar, shuffle, more options, repeat

With Apple CarPlay™, you can input, search for and select a destination to receive turn-by-turn route guidance via Apple Maps™.

ACCESSING APPLE MAPS

- **Via App View** – On the Apple CarPlay home screen,
- **Via recent used app View** – Apple Maps is always displayed

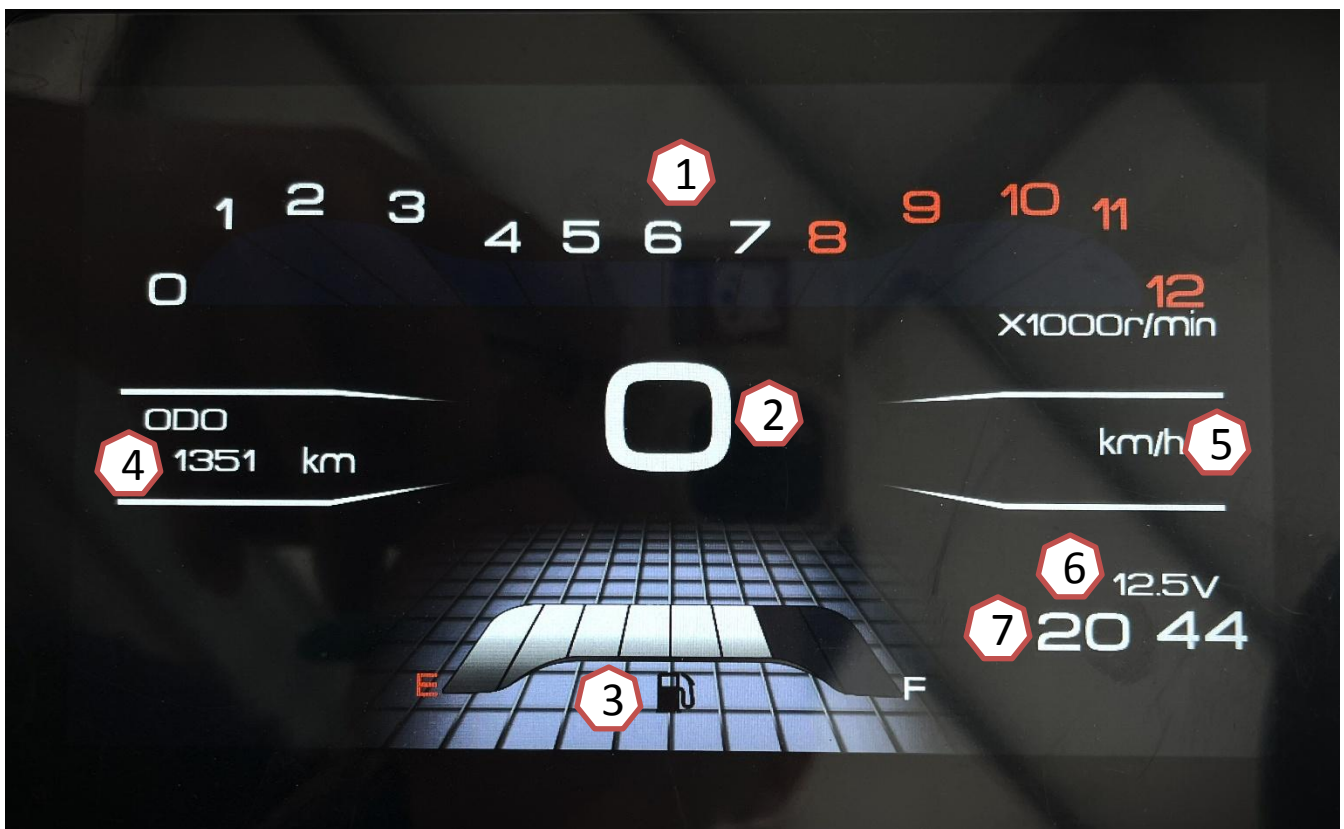

**1 DESTINATION
OPTIONS**

2 MAP CONTROLS

INTERACTING WITH APPLE MAPS

- Menu options are listed on the right side of the screen. If map options are not visible, press down on the Commander control to bring them up
- To center the map, rotate the Commander control to **highlight and select the arrow icon**
- To toggle between 3D and flat-map images, **highlight and select “3D”**
- To adjust the map area, **rotate the Commander control to the right** to highlight and **select the map adjust button**
- To Zoom in and out of the map, rotate the Commander control to the right to **highlight and select the toggle buttons (+/-)**
